Declaration of Conformity – RoHS

Directive 2011/65/EU of the European Parliament and of the Council of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS), together with its amendment Directive (EU) 2015/863, establishes maximum concentration values for certain hazardous substances in electrical and electronic equipment.

We hereby confirm, to the best of our knowledge and based on the information provided by our suppliers, that the products manufactured and supplied by SCHOLZ MECHANIK GmbH comply with the requirements of Directive 2011/65/EU, including the amendment Directive (EU) 2015/863, and that the permissible limits for the substances concerned are not exceeded.

Declaration of Conformity – REACH

Regulation (EC) No. 1907/2006 (REACH) governs the registration, evaluation, authorisation and restriction of chemical substances within the European Union.

Based on the information currently available from our suppliers, we confirm that our products do not contain any substances from the current SVHC candidate list in concentrations above 0.1% (w/w) per article.

Should we become aware in the future that any SVHC substance exceeding this threshold is contained in products supplied by us, we will inform our customers without delay in accordance with the requirements of the REACH Regulation.
